

# QUALITY PLANT

DENTAL IMPLANTATION **10** YEARS GUARANTEE

## Implant centres

QualityPlant is a **unique, leading dental implant centre** operating in two Hungarian locations.

QualityPlant **uses state-of-the-art prosthetic and dental implants' dentistry equipment**, such as CEREC3 CAD/CAM full-ceramic prostheses technology, implant dentistry theatre, 3D CAD modeling, ORTOPHOS XG plus Digital panoramic X-Ray, laser technology, fast teeth whitening, Computer Tomography, etc.

QualityPlant's team of dental surgeons and dental professionals is supervised by our two Chief Dentists, Dr. Zsolt Halász, D.D.S. and Dr. Attila Tóth, D.D.S., who are both members of the International Congress of Oral Implantologists with 12 years' experience, performing nearly a thousand implantations per year. **Our Chief Dentists also serve as Dental Implantation Instructors in Hungary** at our School of Dentistry, training other dentists in the use of the latest equipment and in the latest advanced treatment methodologies.

We are determined to satisfy your high expectations with attractive and long-lasting results, but there is something more important that we also offer our patients: a friendly and hygienic environment as well as the expertise and kindness of our English speaking team of twenty-four outstanding professionals.

Our unique international references, the trust of the patients that visit us from both Hungary and the five continents of the world impose on us a singular responsibility and oblige us to do a perfect job and to continue life-long learning.
